INTRODUCTION:

Home Department plays a key role in State Administration as it is the nodal department looking after maintenance of Internal security, Law and Order, Public Order and prevention and prosecution of criminals. It is administrative department for Police, Prosecution, Prisons, Fire Service and auxiliary security wings of Home Guard and Civil Defence. This Department has vital role on coordinating and synergising the functioning of these wings, it is the nodal Department so far as State Secretariat Service is concerned. The administration of various cadres of the State Secretariat service, like Common Cadre of Assistant Section Officers, Typists, Stenographers / Personal Assistants/Private Secretaries and O.S.S. Officers are assigned to Home Department. It is closely connected with the conduct of elections to Parliament, and State Legislatures. It keeps a close liaison with Defence Services for Military and Civil Co-operation and for setting up of Defence Projects in the State. The responsibility of Home Department is also to properly maintain the protocol and to oversee management of State Guest House at Bhubaneswar, Orissa Bhawan and Orissa Niwas at New-Delhi, Orissa Bhawan at Mumbai and Utkal Bhawan at Kolkata.

1. POLICE ADMINISTRATION:

1.1 LAW AND ORDER:

The overall law and order situation in the state for the year 2010-2011 i.e. till 15.12.2010 remained by and large peaceful.

Political Agitation:

During the period, members of opposition political parties remained busy in organizing party workers conference and other form of public contact programmes in order to garner public support in favour of their sponsored party candidates. All such incidents have been tackled effectively. During the year, till 15.12.10, different opposition political parties and their frontal organizations organized rallies, demonstrations, public meetings, gherao, Rasta roko, rail roko, hunger strike, dharana, protest meetings etc. for declaring entire Odisha State as drought affected, provision of insurance coverage to drought hit farmers, supply of seeds/fertilizers free of cost, exemption of agricultural loan to farmers. There was also demand for resignation of State Health Minister for alleged failure to control diarrhoea situation in un-divided Koraput district, repair of roads, provision of street lights, improvement of sanitary system, proper distribution of P.D.S. items, old age pension, BPL
cards to the real beneficiaries. Apart from the above, other issues of agitation were withdrawal of central clearance from Polavaram Project of Andhra Pradesh, protesting against favouritism allegedly shown to Vedanta Alumina Ltd., Lanjigarh (Kalahandi district), alleged anti-Adivasi/Harijan policies of State Government, improper distribution of BPL/APL rice etc., apathetic attitude of Congress led UPA Govt. at the Centre towards Odisha by giving Forest & Environment Clearance to Polavaram Irrigation Project of Andhra Pradesh, recent verdict of Odisha High Court on Vedanta University Project of Puri district for alleged violation of environment/land acquisition norms.

All these political agitations were handled tactfully by police without any significant representation to the maintenance of law and order.

**Communal:**

Communal amity has been maintained in the State during the period. There has been no major communal incident in the State during the year. Besides, some stray incidents of communal tension on trifling issues surfaced but they have been contained due to timely action by the Police. Major fairs and festivals of different communities were observed with religious fervor and grandeur due to police alertness. Minor irritants like affrays between youths of different religious groups, conversion, re-conversion, cow slaughter, illegal transportation of cattle in cruel manner, kidnapping/elopement of girls of other communities and other land related disputes involving people of both communities were handled firmly and tactfully.

So far 9 Hindu-Muslim and 8 Hindu-Christian tensions have been reported in the State, over localized issues, till end of November 2010 which were defused tactfully and by timely action taken by Police.

**Labour and Services:**

During the year (2010-2011) no State wide agitational activities in industrial Units have been reported. The Incident of agitation by labour and services organization did not escalate into any law and order situation. However, employees of some industrial units exhibited their protest in various forms demanding re-instatement of retrenched employees, regularization of contract labourers, payment of arrear dues, etc. No untoward incident took place during these agitations due to close vigil by Police and tactful handling of the situation by administration.
Industrial Climate:

Government of Orissa has been exploring the possibility of bringing about sustained development of the State through rapid industrialization. The process has gained momentum. A number of memoranda of understanding (MOU) have been signed with private companies to set-up metal-based industries in the State. As a result, a number of large scale/small scale industries have been established and others are going to be established in Kalinga Nagar (Jajpur district), Paradeep (Jagatsinghpur district), Talcher (Angul district) and parts of Dhenkanal, Jharsuguda, Sambalpur district. Lanjigarh (Kalahandi district), Patna (Keonjhar district) and Kashipur (Rayagada district).

Barring a few incidents that cropped up due to land acquisition the industrial scenario in the State remained peaceful. But various critical issues like protection of tribal rights, land acquisition, rehabilitation, and preservation of eco-system, protection of forest land and jobs for locals emerge during the process which has resulted to the law and order problems occasionally. Agitations arising out of setting up big industries are being fuelled by different NGOs and opposition political parties and thereby creating law and order situation. The Maoist cadres are also trying to penetrate the tribal assertive movements, particularly on the issues of displacement due to industrialization and trying to militarise the tribal youth by systematically indoctrinating them in Extreme-Leftist ideology. All these agitations have been tackled with forbearance for which no major incidents have taken place during the year. Besides, Government is committed to ensure implementation of comprehensive rehabilitation policy which is pro-people to bring about a congenial industrial atmosphere.

Members of Posco Pratirodh Sangram Samiti (PPSS) led by Abhaya Sahu (President) have been protesting against establishment of the project even though the Govt. has declared attractive Relief and Rehabilitation policy. They are being supported by Left Wing political parties due to vested interests. They are strongly opposing entry of any Government or POSCO officials into the project area for survey work. However, Government has taken various steps to gain the confidence of affected villagers before establishment of the project.

Student:

There was no significant State-wide Student unrest, in the State. Student’s Union elections were peacefully held on September, 8, 2010 in different colleges of the State passed off peacefully. The student activities in different colleges of the State by and large remained peaceful during the current year till November, 2010. Some amount of student unrest surfaced on various localized issues has been defused due to timely intervention of District Police and Administration.
**Left Wing Extremist Activities:**

CPI (Maoist) a militant Left Wing Extremist outfit, has unleashed violence and depredations varying intensity in 17 districts of the State, badly affecting the overall governance as well as development. In the present scenario, CPI (Maoist) retains significant influence and operational capability in pockets of Malkangiri and Koraput Districts in South Orissa, and in areas bordering Saranda Jungle in Rourkela Police district. Besides, the outfit is trying to open up new fronts in Orissa-Chhattisgarh border by expanding its activities to districts like Nabarangpur, Nuapada, Kalahandi, Bolangir and Baragarh. The outfit is also trying to consolidate in Mayurbhanj district i.e. Suliapada Chandua-Morada axis bordering West Midnapore District of West Bengal. In the current year till November, 117 incidents of Maoist violence have occurred involving death of 67 persons (20 security personnel and 47 civilians). Due to effective anti-Naxalite operations as many as 179 Maoists have been arrested, 8 extremists have been neutralized and as many as 43 Maoists have surrendered during the year 2010 (till November).

The State Government, in a bid to expose the true face of CPI (Maoist) and its frontal organizations and to educate the people in general, have taken up a number of programmes which include Civic Action Programmes, Public Awareness Campaigns and Media Management. As part of Civic Action Programme, the districts affected by Maoist activities have been organizing Community Policing Programmes like Jana Sampark Siviras, free health camps, sports events, Adivasi festivals etc. in Maoist affected villages to counter the spread of Naxal influence and to promote police-public inter-face.

Psychological Operations/Public Awareness Campaigns have also been launched in affected areas through distribution of leaflets/pamphlets, etc. in local vernaculars explaining futility of mindless Naxal violence, misdeeds of Maoists and disinformation campaign launched by them to discredit the Government. Various people centric developmental activities/schemes of the Government are being highlighted in such leaflets/pamphlets etc.

Besides, a Media Advisory Group headed by Home Secretary Govt. of Orissa has set up to advise both print and electronic media about suitable media action plan to counter the disinformation campaign of Maoists against Government and the system.

**Use of Force:**

During the year 2009 Police resorted to firing on 04 occasions, to disperse riotous mob and crime control & there was no instance of lathi charge/Tear Gas firing. During 2010, police resorted to firing on 8 occasions and lathi charge in 1 occasion till the end of 3rd Quarter-2010.
Bundh, Rasta Roko and Rail Roko:

During the year 2009 members of opposition political parties and their frontal organizations and some vested interest groups organized 22 Bundhs, 228 Rasta Roko and 29 Rail Roko agitations on various grounds. Similarly, during 2010 (till 8.12.10) 31 Bundh call, 187 Rasta Roko and 29 Rail Roko agitations have been reported. During all these agitations, Police exhibited restraint and there was little use of force to disperse the irate mob although on several occasions they resorted to overt acts inciting Police action.

Reaction over alleged suicide of farmers:

Following suicide of some farmers in the state either due to crop failure or loan burden or other causes, opposition political parties particularly BJP/Congress/Left Party tried to highlight the issue in order to gain political mileage. They demanded payment of adequate compensation to the family members of the deceased farmers, allotment of Indira Awas, exemption of agricultural loan, declaration of drought affected areas and repair of existing Lift Irrigation points, etc. on priority basis.

Activities of Chasi Mulia Adivasi Sangha:

The dispute between Adivasis and other non-tribals like Harijans and Sundhi in Narayanpatna, Bandugaon areas over land is continuing since long. It is alleged by Adivasis that Harijan, Sundhi and other people have usurped their ancestral properties. Under the umbrella of a Sangha styled as “Chasi Mulia Adivasi Sangha”, they organized meetings at different places, damaged liquor shops and forcibly cultivated lands of non-adivasis, and terrorized non tribals to leave the place. However, to counter their activities, non tribals of Narayanapatna formed one “Jana Surakhya Manch” organized rally and damaged the houses of Chasi Mulia Adivasi Sangha, supporters. After this, the members of Chasi Mulia Adivasi Sangha became more violent and moved village to village and damaged the houses of Harijans and Sundhis.

District Administration has held discussion with the leaders of Chasi Mulia Adivasi Sangha to resolve the land related issues. Peace committees have been formed and the Revenue officials were directed to visit village to resolve old land disputed cases. Significantly, the members of Chasi Mulia Sangha led by Wadeka Singana protested the combing operation by CRPF that are going on against Maoists. However, the lawless activities of Chasi Mulia Adivasi Sangha, a frontal organization of Maoists, have been contained to a significant extent due to effective security and administrative response.

State Special Branch, Orissa, Cuttack with its field functionaries collected advance Intelligence pertaining to possible Law and Order Situations and alerted the concerned District Ssp/all concerned in proper time.

1.13. ORISSA STATE POLICE HOUSING AND WELFARE CORPORATION :

During the year 2010-2011 the Orissa State Police Housing & Welfare Corporation executed projects worth Rs.162.13 Crore in comparison to Projects of Rs 113.63 Crore executed during 2009-2010. In percentage terms, the Corporation has executed 43% more work during the current year. The Corporation proposes to sustain the excellent growth and to execute projects of more that Rs.200 Crore in 2010-11 significantly adding to the infrastructure of the Police, Prisons and Fire Service Department.

Presently the Orissa Police Housing & Welfare Corporation is constructing more that 36 Police Stations using a new people friendly model called “Ama Thana”. These new Police Stations provide a public area where people will be received and their grievances redressed. The custody arrangement in these new Police Stations have been upgraded by providing single accommodation with toilet and by covering the custody rooms with Close Circuit Television. The CCTVs are intended to enforce global standards of ‘safe custody’ and ‘duty of care’. In course of time it is proposed to provide these basic facilities in existing Police Stations.

One of the primary task undertaken by the Orissa State Police Housing & Welfare Corporation is to upgrade the police infrastructure in Naxal affected areas by building Police Stations, Armouries, accommodation for para-military forces and fortification of Police Posts to prevent Naxal attack. The Corporation is presently fortifying 76 Police Stations in the Naxal affected areas and constructing accommodation for BSF and CRPF personnel in some of the most vulnerable districts like Malkangiri, Rayagada and Gajapati.
The Orissa State Police Housing & Welfare Corporation has undertaken constructions of Hospitals and other Health infrastructures under the National Rural Health Mission amounting to Rs. 57 Crore in mostly Naxal affected districts. All these projects being executed by the Police Housing Corporation will be completed by the end of the current year and handed over to the Health Department.

The Corporation has built 17 new Sub Jails and is presently constructing five new Sub Jails at Patrapur, Kasipur, Kantabanji, Jaleswar and Soro. The construction of these five Sub Jails will be completed by May 2011. In addition, the Corporation has built 84 Fire Stations and is presently constructing 33 Fire Stations. The construction of these Fire Stations will be completed during the current financial year.

The Orissa State Police Housing & Welfare Corporation has started work on a new Police Training College at Solara in Jajpur District for which the 13th Finance Commission have also awarded Rs. 20 Crore that will be available to the State Government for utilization after the 1st of April 2011.

The Corporation is building the Head Quarters of the Police Commissionerate at Bhubaneswar at an estimated cost of Rs. 19.66 Crore. The project is progressing at a steady pace and it is proposed to be completed in the next four months.

The turn-over of the Corporation has substantially gone up to Rs. 162.13 Crore in comparison to the Year 2001-02 when it was a meager Rs. 8.21 crore only. This also shows the substantial rise in investment by the State and Central Governments in improving Police infrastructure.

CHAPTER-XI

11. DIRECTORATE OF PUBLIC PROSECUTIONS:

The Directorate of Public Prosecutions, Orissa, was created in the year 1982 to monitor the performance of the prosecution system. Since it became difficult to improve the performance of the prosecutors appointed on contractual basis, the Govt. introduced the System of cadre Prosecutors on test basis in the year 2001 along with the contractual appointees. It is found that the performance of Cadre Prosecutors is comparatively better than the prosecutors appointed on contractual basis. A High Level Committee under the chairmanship of Chief Secretary have decided to encadre the entire system of Prosecution, which would help a long way in the administration of criminal justice mechanism. To improve the performance of cadre prosecutors and to develop a full proof prosecution system and alternatively to fix up the accountability following steps are taken.

i. Imparting training to the Prosecutors and Review of their performance.

ii. Guidelines imparted to improve the functioning of day to day prosecution system.

iii. To provide infrastructure to the prosecutor to improve their performance including computerization of their offices.

iv. To monitor the prosecution of important cases of the state and to co-ordinate with the investigating agencies to remove defects in the investigation and to improve the standard of prosecution.

v. For prompt submission of proposal for filing appeal/Revision.

vi. Instructions to all prosecutors to prepare plan of prosecution with details of evidence required to be adduced in the court, to rectify the defects in investigation, where it is possible, and to submit a written note of argument in each case.
